Description

Easy circular hike trough the fields of Obertilliach. After passing the two chapels called St.Helena and St.Nikolaus we have arrived at a another part of Obertilliach called "Bachhäusl". Now we have to follow a trail which leads us directly to Rals. If you feel the urge to eat or drink something you can do that at the "Jausenstation Mitterdorfer". After that, we follow a trail until we reach Obertilliach again.
