Description

The sunny slope proceeds above the country road in Lengberg and is at the foot of the Lengberg Castle. The easy slope area which has plenty of clear loops, is long and drawn-out and with two short, steeper ascents and moderately difficult descents the terrain is fantastic and offers plenty of variety. The slope is not just an entertaining and real joy for expert cross-country skiers, it is also an excellent training route for everyone!

Currently only about 1.5 km tracked - only skating track!
