## Beschreibung Bike

The starting point of this medium-difficulty mountain bike trail is the car park at the Freizeitzentrum Gries. From there it goes through Prägraten am Großvenediger, past the municipal office in a northeasterly direction, via Wallhorn, to the last farm. There continue in switchbacks to the turnoff Zuchetal. Through the forest past 2 cattle gates to a resting bench (end of the road). Here you follow the hiking trail in a westerly direction over the "Zuchetalgraben" for about 300m further (pushing section) onto the goods road, past the Bodenalm and on to the Wallhorneralm.

## **Beschreibung Wanderung**

From the Wallhorneralm you cross the bridge of the Timmelbach stream. Trail no. 26 leads over several terrain steps along the stream to the Eisse hut at 2,521m. There you follow the signs to the Eisse. A short cool down before the last 300 meters of altitude is very welcome, as these lead over quite steep, gravelly rocky terrain. The summit proudly towers over the Eisse at 3,024m.
