Description

A fantastic view to the ice giants of the Venediger massif awaits at the end of this short, yet punchy via ferrata route to the Tu?rml. From the start area at 2790m, the path (C) which is secured with steel cables throughout proceeds via steep slabs and exposed ridge areas up to the summit – absolute climbing fun in high alpine terrain!

Difficult sections: C. The via ferrata route is part of a high alpine mountain tour. The weather can change very quickly here (check your equipment!).
