Drau cycle trail

Description

With around 510 kilometres of cycle paths, the Drau Cycle Path is one of the most beautiful cycle paths in Europe. The basis for this is not only the scenic delights, but also the many specialised hosts along the route. The cycle tour leads along a well-marked cycle path and is suitable for all types of bikes. The tour is recommended for families with children as well as novice cyclists. A beautiful, family-friendly cycle route on a gentle slope along the Drau river through the Pustertal valley, through the villages of Sillian and Abfaltersbach, with views of the Lienz Dolomites on the right, through the Galitzenklamm gorge to the district capital of Lienz, continuing along the beautiful Drau floodplain to the Carinthian border.
