parking:

From Lienz, take the B 100 south to Thal, then turn right onto the Pustertaler Höhenstraße to Assling. Follow the Höhenstraße, through Assling to the hamlet of Bichl. There are signs pointing to the toboggan run car park.
There is one free parking space. This is located directly at the end of the toboggan run. Snow chains are recommended in snowy conditions!

Description

The Compedal ski hut is located at the start of the toboggan run (please note the opening hours or call ahead to check). There are popular touring destinations above the ski hut, so you can expect to encounter downhill skiers on the ascent!
The run is groomed using a snow groomer and a Skidoo with an attached mat. This means that there are usually no snow walls at the sides. However, as the run is very wide and fairly flat, the lack of snow walls (except for a few short sections) does not pose too great a safety risk.
Caution is advised in the last third of the toboggan run! Here, you will cross a drag lift once and the ski slope twice. However, as this is a small ski area, the danger is low.

Note:
For operation, condition, and safety of the toboggan runs, the respective operators are exclusively responsible. The Osttirol Tourism Association provides information on opening status and hours solely based on written submissions from the operators and **assumes no liability or warranty**.
