### Description

This beautiful winter trail leads directly from the town centre along the glittering Isel River to the district of Bobojach. The gentle slope and the constant murmur of the river make the hike particularly appealing – even for families. The Großvenediger inn and the Ortnerhof invite you to take a leisurely break. An unforgettable highlight awaits visitors at the spectacular viewing platform high above the Isel Canyon: the glass floor offers impressive views into the icy depths – a real goose bump moment!

You can return via the same route or take the convenient bus line 951 from Bobojach.
