Description

The starting point is the new middle school in St. Jakob i. D. From there, cross the nearby bridge and follow the path out of the valley. After a few minutes, you will reach another bridge, which you cross just before the soccer field. The walking trail then leads along the Schwarzach river towards the Naturhotel Tandler. The return route takes you along the idyllic meadow path, which eventually leads back to the village center of St. Jakob i. D..
