## Bike & Hike Neue Reichenberger Hütte 2.586m

The moderately difficult mountain bike route no. 151 "Trojer Alm" leads from St. Jakob i. Deferegggen via an asphalt serpentine road on the sunny side to the Außerberg. After about 1 kilometer you come to a wide gravel road and it continues to the parking lot Trojeralmtal. The route is not very steep in this section and, combined with the murmur of the Trojer Almbach stream, invites you to enjoy cycling. After about 4.5 km you reach the destination of the route and can enjoy regional delicacies at the Trojer Alm snack station.

The times are for E-Bikers.

## Beschreibung Wanderung
