Circular Europe Panorama Trail

Description

This hike can be started either from the mountain station of the Matreier or the Kalser mountain railway. The summit world of the Hohe Tauern National Park with over 66 three-thousand-metre peaks accompanies you at every turn.

On the wide Europa Panorama Trail you hike without much effort at the same altitude via the Goldriedalm to the Kals-Matreier Törl. At the Törl, you can see the striking mountains Glödis, Böses Weibele, Hochschober and also Kals am Großglockner.

After the Kals-Matreier-Törl-Haus, you take a beautiful trail to the starting point of the hike. You can return to the valley by cable car or on foot.
