Carnic altitude trail. Stage 3: Obstansersee Hütte – Porzehütte

Description

From Obstansersee Hütte the Carnic altitude trail is well signposted, proceeding steeply uphill initially to the Pfannspitze and from there past a stony bouldered area at the Kleinen and Gr. Kingiat (those of you who are fit can hike to the summit of the Gr. Kinigat which has the European Cross – a head for heights and surefootedness required). Just after the Gr. Kinigat descend to the Filmoor Standschützenhütte. After some refreshments in the Filmoor Standschützenhütte continue to the upper Stuckensee and on to Porzehütte.
