## Description

The starting point for this sensational ski tour is the Freizeitzentrum Gries. There are enough parking spaces. First follow the tarmac road, which leads into a forest road. (Follow the yellow signs "Lasnitzenhütte").

Follow this forest road to the Lasnitzenhütte. Pass the hut and head southwards into the valley into a large basin below the Lasörling. There you are already heading towards the striking and steep north-west gully. The higher you get, the narrower this gully becomes - hairpin bends!

At the end of this gully is the Lasörlingscharte. (Beware of snow cornices!) Once at the saddle, ascend eastwards to reach the summit via the last steep south-facing slope.

The descent is the same as the ascent and in good conditions you have a fantastic descent in powder snow ahead of you.
